INTRODUCTION

Nexxy Technologies INC., is an indigenous Information Communication Technology Company based here in Nigeria, providing tremendous and user-friendly technological solutions to organisations, businesses and Private Individuals.

Nexxy Technologies welcome the opportunity to build a cutting-edge School Management System Solution for Your School.

OVERVIEW

1. Official and Customised Email Address for all; Teachers, Students, Parents: yourname@yourschool.com
2. School Management System: Teachers, Students, Parents, and Admin Staff will be given a role privilege (account) on the School portal.
3. Newsletter Mailing Service: dashboard where newsletters can be forwarded to all staffs or selected staffs. newsletters can be forwarded to members with just **ONE CLICK**.
4. Virtual Private Server: VPS will be purchased and installed in the cloud, data confidentiality. where the School Management System, Email Service will be hosted for cyber security enhancement.

SCHOOL MANAGEMENT SYSTEM BENEFITS

1. This solution is expected to ease student/teacher communication by providing each staff **Unique Email Address** with *your school domain name* as their extension (yourname@yourschool.com).
2. It is expected to be web/mobile and user-friendly and integrated into teacher/student's mobile devices.
3. School Management System Solution is intended to:
 - ✓ Effective and Efficient communication among Student/Teacher.
 - ✓ Control all school activities online
 - ✓ Print Report Card on PDF etc
 - ✓ Admin, Teacher, Parent and Student Role
 - ✓ Examination, Marks and Results Management
 - ✓ Reports to gauge teacher/student Performance
 - ✓ Anytime, anywhere access to the portal system
 - ✓ Payment Logging
 - ✓ Online Payment of Fees

4. This solution is intended to enhance student/teacher ICT scope.

*In accordance with Professional Confidentiality of Oracle Database Administrators, Nexxy Technologies will offer **installations of VPS** hosted in the cloud using the latest in data hosting technology with 99.9% uptime for your School Management System and corporate email hosting.*
